TWO BURNED TO DEATH

Distressing Accident by Which a Mother and Daughter Lost Their Lives.

Richmond, Feb. 5.—Information reached here last night of a sad and horrible accident which occurred in King George county on Wednesday, by which Mrs. Thaddeus Sorrel and a young daughter of her's were so badly burned that they died within a few hours of each other. Mrs. Sorrel was away hunting, and his wife having some domestic duties to perform, left the little girl alone in the kitchen. She had been absent, however, but a short while when she heard screams, and on entering the room found the child's clothing ablaze. She immediately began to extinguish the flames, but in doing so was horribly burned herself. The child died a few hours later. The next morning death relieved Mrs. Sorrel of her suffering. Mr. Sorrel is almost prostrated with grief.

Fine Cutlery—Razors, Knives, Scissors etc. Every piece guaranteed. The Fishburn Co.

ANYONE who has been relieved by the use of Warner's Safe Cure will confer a favor by leaving their name and address at The Times office.

The Same Only Different!

There is just as much difference in the kind of SERVICE one gets from different printing offices as there is in riding on a passenger train and riding on a freight train. Both trains reach their destination—but WHEN?

"A calendar to hand and occupies the prominent position made vacant by removal of your artistic '92' calendar. The workmanship, like the flag you fly at top of your '93' creation, can't be beat. May you ever maintain both your 'standards.'" RIFE HYD. ENGRS. MFG. CO. B. L. GRIDER, Manager. 126 Liberty Street, New York.

CONFIDENCE DISCOUNTED.

A Maine Man's Dispatch to Bryan on the Cotton Mill Reduction.

Waterville, Me., Feb. 5.—An interesting correspondence has just taken place between William Jennings Bryan and F. W. Davis, of Maine, who won fame upon the stump in the late campaign. The correspondence pertains to the existing cut in wages of the New England cotton mills, etc.

Mr. Davis sent the following dispatch to Mr. Bryan:

"New England observes St. McKinley's day. Restored confidence has been discounted ten per cent. in all our cotton mills, and the Republican party still lives."

Mr. Bryan responded as follows:

"I have not read the reduction of wages in New England, and while I have not sufficient knowledge of all the facts to enable me to pass judgment, it seems to me that the reduction is hardly in keeping with the promises made by the advocates of the Dingley bill. Very truly,
"W. J. BRYAN."

LOCOMOTIVE WORKS FAIL.

Providence, R. I., Feb. 5.—The Rhode Island Locomotive Works filed its petition in insolvency to-day in the appellate court. The concern was not at once adjudged insolvent, but on motion of George H. Wilson, the treasurer, for the appointment of a custodian of the property, Mr. Wilson was appointed to that duty. He will remain in charge until the petition of insolvency has been adjudicated and an assignee appointed.

The schedule of assets shows estimated total value of \$518,370, and liabilities amounting to \$616,703.

THE GREATEST DISCOVERY YET.

W. M. Repline, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, Coughs and Colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for Coughs, Colds, Whooping Cough, etc." It is able to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides it is guaranteed. It never fails to satisfy. Trial bottles free at Massie's Pharmacy.

GENTLEMEN—We beg to acknowledge receipt of your calendar of even date. Please accept our thanks. We think the idea of using the flag of Virginia a good one.
Very truly,
CASTNER, CURRAN & BULLITT.

FIRE AT WAYNE, W. VA.

Almost the Entire Business Portion of the Town Burned.

Huntington, W. Va., Feb. 5.—A defective flue caused a blaze to originate in the store of Alderson Walker, at Wayne, W. Va., last night, and before the flames were subdued almost the entire business portion of the town was destroyed. The buildings burned were all frame structures, and a breeze which was blowing at the time caused them to go like tinder. The buildings destroyed are Alderson Walker's store, Mrs. G. G. Burgess' millinery establishment, Walker's Hotel, Wayne House, Smith House and many other structures.

There was only one hotel left in the town, and as the circuit court was in session many private families were compelled to open their doors to give shelter to strangers in town. The fire raged for four hours, the blaze of which was visible for fifteen miles away. The loss cannot be estimated, but it will reach nearly \$25,000, about half being covered by insurance.
